Sir,

Subject:- Extension of Parole for 2 months from 28-5-1944 prayed for- treatment of wife in a Town Hospital.

I beg to state that you were good enough to grant me Parole from 12-4-44 for treatment of my Wife and child. After examination, I have come to the conclusion that the local doctor in Kottur in absence of a well-equipped Hospital can not cope with the situation. My wife is suffering from heart trouble and she is so nervous that she wants me by her side during treatment in a town Hospital preferably Davanageri or Bellary. Therefore I need not emphasise that my presence is absolutely essential and I am sure that a period of two months will be ample to cover the full course of treatment. Hence I request and hope that you will be good enough to grant me extension of parole for a period of 2 months from 28-5-44. For which act of kindness I thank you and will be grateful to you.

Sincerely Yours,

TS Gurulingappa

Resubmitted:

2. It is true that Srimati Gangamma is suffering from Typhoid but she is not the detenu's mother as he states in his application but his wife's sister. I verified this fact this morning. The patient's husband is alive and although the Dt. Superintendent of Police recommends that the detenu should be allowed on parole for a month, I am not in favour of it as he was released on a month's parole on 12.4.44 and finally returned to gaol on 13.7.1944.
